

It's difficult for some seniors to remain at home.Help is available through PACE CNY.

Loretto is pleased to introduce you to PACE CNY. Loretto is -working in cooperation with St. Joseph's Hospital Health Center to bring this innovative program to residents of Onondaga County. PACE CNY is a separate not-for-profit corporation of Loretto which, since 1926, has provided long-term care services to the disabled and chronically ill. We welcome you as a potential participant in this plan.

The purpose of PACE CNY is to provide a wide spectrum of care and services to individuals who would otherwise qualify for nursing home care. From primary care physicians and nurse practitioners to social workers and dietitians, the PACE CNY team can provide home care services in the participant's home, day health centers, hospitals or long-term facilities, if needed. On-call health care coverage by doctors and nurses is available 24 hours a day, 7 days a week, 365 days a year.

Do you know someone who needs help with everyday activities?

Do you worry about a loved one alone at home?

Don't wait until you face a crisis. Learn more about your choices with PACE CNY and plan for the future. (For more information click on topics at left)
